It's that time......SOLs are coming!

It's time to get ready for the SOL test. The Chemistry SOL will take place on May 15. Over the next few weeks you will need to complete online practice SOL tests. We will be using the J-Lab website (education.jlab.org/solquiz/). There are five testing strands that you are required to complete for a test grade. You must complete 40 questions, using all testing years, for each strand. You must earn a 75% or higher to receive 10/10 credit for the strand, a 70-74% will earn 5/10 and there will be no credit for scores of 69% or less. Upon completing the strand, email the results to me (babette.zado@vbschools.com) and yourself! (a safety measure) or print the results to bring in.

BE SURE TO INCLUDE YOUR NAME!!!

All five strands must be complete and in the teacher's mailbox by May 9. Extra credit will be awarded after the mandatory strands have been completed. Up to 25 points of extra credit will be given; 5 points for each additional 40 questions per strand (remember the setting must be random!)

Directions:

- 1. Go to jlab website (education.jlab.org/solquiz/)
- 2. "40 questions".
- 3. "chemistry".
- 4. "More options please".
- 5. "All years".
- 6. "next options".
- 7. Choose desired strand.
- 8. "random order".
- 9. "let's start"
- 10.Complete all 40 questions to the best of your ability, repeat testing if you don't achieve a 70% or higher.
- 11.Enter your name to the report BEFORE you email or it will not count towards your completed strands!!!

*****Click "add my name to this report, please!" If you don't your name will not be included.*****

12.Email the results to me (<u>babette.zado@vbschools.com</u>) and to your own email (just in case) or print a copy to turn in.
